**DEPARTMENT PROCEDURE AFFECTED:** 1.03- Pursuit Procedures

---

On October 4, 2005, Senate Bill (SB) 719 was signed into law. This law, which went into effect January 1, 2006 requires law enforcement agencies to establish pursuit policies, continually provide annual pursuit training to their officers, and ensure all pursuits are documented and submitted to the California Highway Patrol (CHP) within 30 days.

In accordance with SB 719, the Training Unit has created a video on the POST Learning Portal Website which addresses the mandate and reviews our Department's pursuit policy. You must log into the POST Learning Portal (Instructions below) in order to complete the video and the portal can **only** be accessed through the use of **Mozilla Firefox** as the search engine. Firefox has been added to all Department computers for this reason.

All sworn members of the Department shall view the video in its entirety on their individual POST account. At the conclusion of the video, officers will be able to print a proof of completion certificate showing they have completed the course. In addition, the attestation form (attached to this order and also available on the F drive in the Training Folder) must also be printed, filled out, and ink signed. BOTH the certificate **and** the signed attestation forms will need to be forwarded to In-Service Training at MS-731A attention Officer Shannah Oliveras. Supervisors will assure completion of their personnel.

**The training video shall be completed by July 31, 2021.**
